

PRICE LIST 2022

Swimming pool HEATING & DEHUMIDIFICATION solutions
UV Air Disinfection systems

European manufacturer of swimming
pool dehumidifiers, heat pumps and
germicidal air purifiers.

Valid from: OCTOBER 10, 2022

WHY MICROWELL?

VARIETY OF MODELS

WIDEST RANGE OF DESIGN AND ACCESSORIES

EXCELLENT CRAFTSMANSHIP AND EXPERIENCE

INNOVATIVE ENGINEERING, CUTTING EDGE ROBOTICS

EUROPEAN QUALITY, LOCATED IN SLOVAKIA

750+ PARTNERS IN 35+ COUNTRIES

COMPETITIVE PRICES

ACCREDITED BY ISO 9001, ISO 14001, ISO 45001

Dear Business Partners,

First of all, let me thank you for your loyalty to the MICROWELL brand and for last year's excellent performance, that moved us 32% higher in sales compared to 2020. Such an increase in production is a very strong feedback for each manufacturer, letting them know that the goals that they have set are real and the way of achieving them is right.

At the same time, last year was also marked by the global pandemic COVID 19, the threat of different new mutations of a deadly virus and to top it all off, an "economic virus" in the form of inflation has also come on the scene in the second half of 2021. Trust me, it is much harder to fight with this "virus" than with COVID 19. Mitigation of inflation impacts is only possible by increasing production efficiency. And that is exactly our primary goal in 2022. The price of energy, practically all components, chips, etc. has risen in double digits. When browsing this price list, you will certainly quickly notice that our product prices have increased by only a single digit number compared to 2021, due to our increased production efficiency.

And a few words about our news. As for our DRY dehumidifiers, I am happy to announce the rebirth of the SIREN product line. We omitted SMART technology, which had unnecessary communication problems due to the server, and focused on the reliable and trouble-free operation of the device while maintaining all its progressiveness. Our DRY 800/1200 units have been given a wonderful "coat" to shine in any swimming pool hall. In addition,

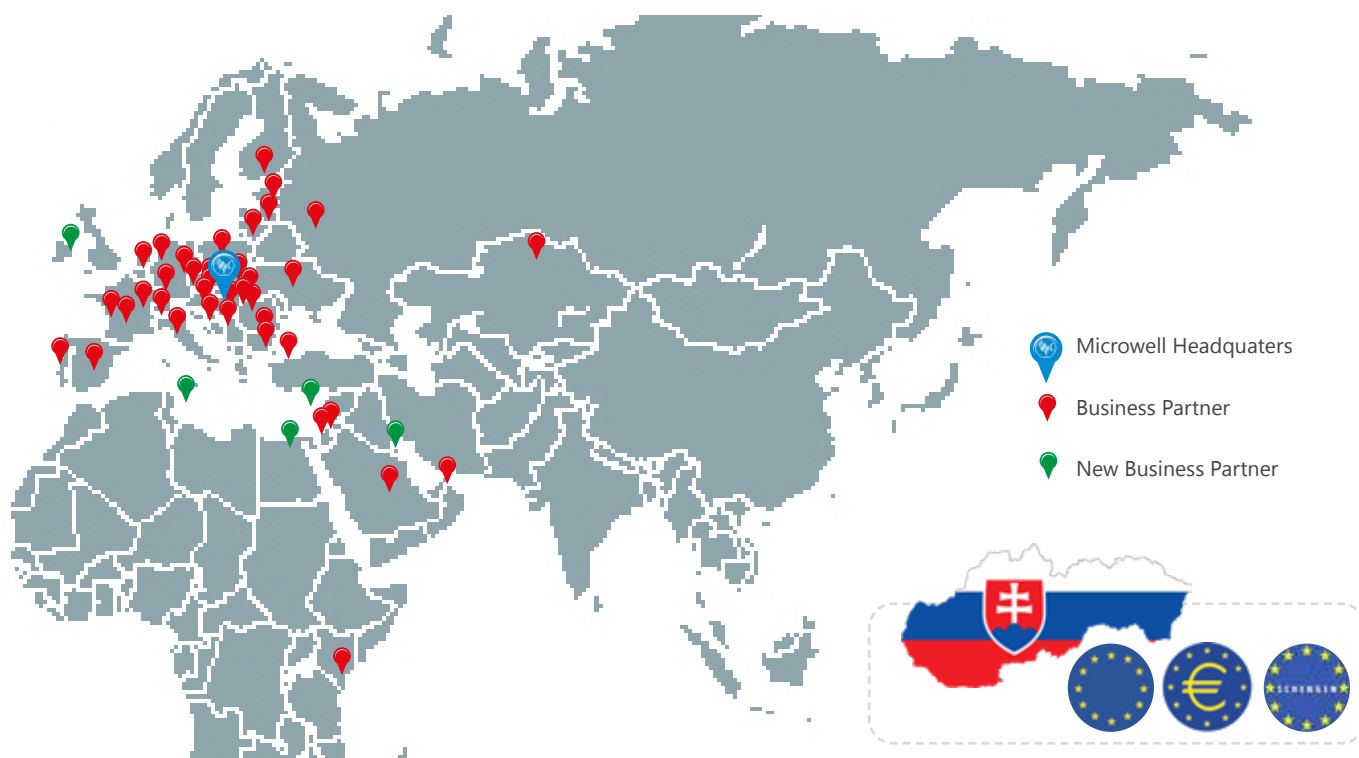

these machines weight considerably less and their assembly is much easier.

The Black Inverter line is an absolute novelty in the field of heat pumps. According to our surveys, it will be a hit of this year.

And finally, we announce our novelty in the fight against COVID 19 pandemic. A bigger, more powerful brother of last year's ATHMOSS named ATHMOSSPHERE, that is hidden in a SIREN dress and is also mounted on the ceiling. It has a built-in sound processor and communicates with the operator in all possible languages.

Dear friends, I wish you a frequent browsing of this price list and finding the most suitable products for your successful future applications.

Ing. Tibor Kovács, CEO

MICROWELL Headquarters

Microwell operates in 3 business divisions /Dehumidification, Heating and UV Air Disinfection Solutions, Measurement and Control, Air conditioning and Ventilation/, employs 70 employees in 5 Branch offices in 3 countries: Slovakia, Czech republic, Hungary/. The company has own manufacturing facilities, warehouse, R&D department.

The core strength of Dehumidification, Heating and UV Air Disinfection Solutions Division is its R&D team, that works hard, permanently focused on customers needs, to find new solutions and innovations, e.g. DRY SIREN Eco with sophisticated engineering, outstanding quality a craftsmanship. They developed the fully new product - ATHMOSS Germicidal Air Purifier, closed germicidal air disinfectant, equipped with a HEPA filter during worldwide COVID pandemic. In 2021 Microwell extended the germicidal air disinfectants production line with excellent Ceiling model - ATHMOSSphere.

Production & warehouse

Primary manufacturing facility located in 3.000m² venue. Office extends over 1.260m².

ATHMOSSphere

fights against viruses.

This **ceiling germicidal air purifier** is designed for highly efficient, homogeneous air disinfection and virus elimination **in large rooms**.

It is suitable for a university auditorium, meeting room, conference room, specially developed for school classes and kindergarten classes. After 1 hour of operation of the ATHMOSSphere air purifier, the room gets rid of viruses and other unwanted microorganisms to 98,7% (measured in a room with a size of 126m³.) More on **pages 9**.

DRY 800/1200 WAVE

Keep the humidity
BALANCED
with Microwell DRY.

DRY 800 / 1200 WAVE

In 2022 we are re-adding to the production portfolio of swimming pool dehumidifiers the new models for bigger pools. DRY 800 WAVE and DRY 1200 WAVE stand out for their design and light weight.

Extraction rate: 80 ~ 240 l/h

More on **page 18**.

SMART HEAT PUMP FOR SEASONAL USE

MICROWELL HP BLACK Inverter is a cost-effective choice for constant and reliable pool water temperature for heating/cooling.

It is suitable for residence pool **to 70m³ of pool surface**.

HP BLACK Inverter combines eco-friendly R32 refrigerant, full DC Inverter technology and good price. It is right choice for home, seasonal use with the best energy saving.

Full model line read on **pages 34-35**.

HP BLACK INVERTER

Meet Your Comfortable Life.

ATHMOSS ATHMOSSphere

The essential presence of the future.

Germicidal air purifiers

For offices, waiting rooms, retirement
houses, event, fitness and shopping
centers.

For industry premises, production halls.

**Professional, powerful
Air purifier & Disinfector
safe to use at presence of people**

Destroys viruses, bacteria and other
microorganisms in the air.

The ATHMOSS germicidal air purifier will
create a safe and healthy environment
in your office, production hall or doctor's
waiting room.

Dehumidifiers

For swimming pools, hotel pools, spa and jacuzzi
For galleries, museums and libraries
For industry

Swimming pool humidity under the control

Microwell dehumidifiers solve humidity problems and maintain healthy pool environment by removing condensation and wet wall odour, and providing free heating through heat recovery.

Working on the principle of condensation, DRY swimming pool dehumidifiers are removing humid air from swimming pool hall, replacing it with dry and warm air.

Basic description:

Special treatment to withstand high concentrations of salt, sulphur and chlorine. Designed for natural salt/sulphur water spa, salt caves or alternatives with natural water spring spa that contains high concentrations of salt or sulphur. This special treatment can be applied also to high chlorine concentration pools where it provides higher resistance thereby longer livelihood of the device. Treatment is also designed to avoid formation of sulphuric acid (H_2SO_4).

- Natural spa
- Salt caves
- Chlorine
- Sulphur

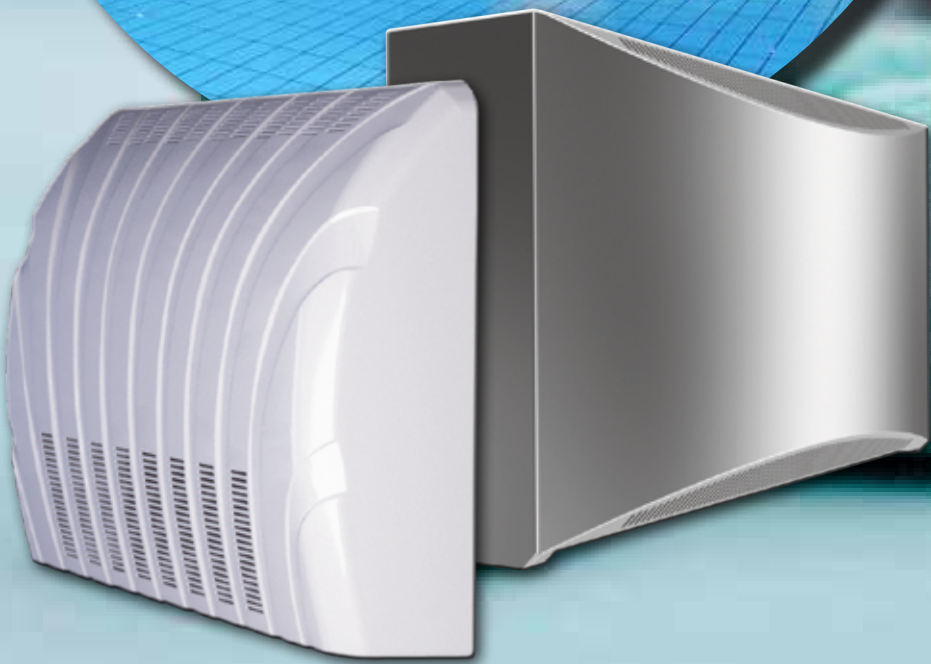

Special treatment to withstand high concentration
of **SALT, SULPHUR and CHLORINE.**

DRY Salt+ Sulphur+

**PROLONGS
LIVELIHOOD OF
YOUR DEHUMIDIFIER**

IN EXTREME CONDITIONS

Suitable for natural salt/sulfur
water spa, salt caves and
pools with high concentration
of salt, sulfur or chlorine.

*Applicable to
all models of
pool dehu-
midifiers*

*8x
more
reliable use*

Perfect dehumidification without limits

MICROWELL SIREN ECO is the ultimate superstar, the first ceiling swimming pool dehumidifier in the world. Combining all what Microwell technology has to offer, SIREN ECO is an intelligent and visually captivating solution of paramount performance, setting a new tide in the industry.

As the first round ceiling dehumidifier it is constructed as dual split unit, capable of all round and thorough humidity extraction.

209137	Fan for HP1400 GREEN	28

9. WATER SURFACE COVER

A swimming pool cover reduces the actual evaporation by 30-50%. This means that you need a smaller dehumidifier for a given pool, you will save on energy bill since smaller unit consumes less electricity and also you will reduce heat losses of your water, thus you will need smaller heating device (heat pump) and also it will consume less energy compared to pool without cover.

Blue bubble plastic cover is a perfect solution for a domestic or hotel pool.

10.2. FRESH AIR ventilation set

10.2.A FRESH AIR ventilation set A: with Fixed plastic external louvre

- Air flow: 100-300m³/h, Ø 100mm
- white color - RAL 9010
- Includes: Plastic circular hose LG100, Plastic circular hose UK-PP 100/1000

40

10.2.B FRESH AIR ventilation set B: with Electric plastic back draft louvre shutter

- Air flow: 100-300m³/h, Ø 100mm
- grey color - RAL 7035
- Includes: External electric louvre PAR 160 RAL7035, Plastic circular hose UK-PP 100/1000

350

Installation scheme

Bring fresh air into
your pool
and warm it with
the dehumidifier.

Our Innovation: **FRESH AIR SUPPLY**

Each Microwell dehumidifier has fresh air supply possibility. The air inlet is located under the condenser, that way the incoming fresh air is effectively heated at no cost thanks to heat recovery.

*Fresh air metal
extension for
connection to
dehumidifier*

*Plastic circular
hose*

*Plastic external
louver*

Compatibility to All DRY range.

ADDITIONAL VENTILATION

Saving energy,
time & money
